

New York Stock Market

New York, March 27.—Speculative operations were on a small scale today, and the stock market was heavy and spiritless. Covering on the rise earlier in the week appeared to have weakened the technical position of the market and prices dropped. The market also felt the lack of support from abroad.

While it was impossible to form any clear idea as to the extent of property loss in the flood's reports of the enormous amounts involved, contributed largely to the heaviness of the list. Final changes showed losses of about a point for leading Union Pacific, Steel, Smelting and other important issues. Some new low prices were made during the day. Rumor slumped to 41 and Illinois to 119 1/2. Its low figure since 1907. Bonds were irregular.

New York, March 27.—Prime mercantile paper, 6 per cent. Sterling exchange firm, sixty days, 153 3/8; 45-day, 153 1/2. But silver, 57 1/4. Mexican dollars, 47 1/2. Call money steady, 3 1/2 to 4 1/2; ruling rate 4 1/2; closing bid, 3 1/2 to 4. Time loans easier, sixty and ninety days 5/8 to 1 1/2; six months 5/8 to 1 1/4.
